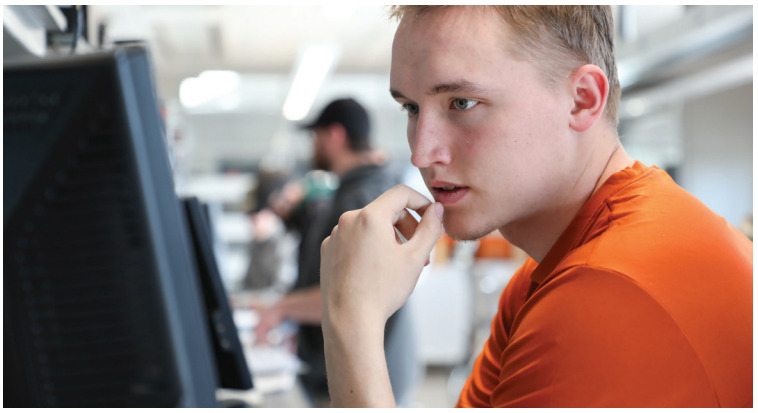
CYBERSECURITY AND NETWORK ADMINISTRATION

Lance College of Mines and Engineering



CYBERSECURITY AND NETWORK ADMINISTRATION AT MONTANA TECH

Develop the knowledge and skills you need for a cybersecurity and network administration career with our program at Montana Tech. You'll learn to design, develop, secure, and support computer networks that are rooted in information technology. You'll also be equipped to pass examinations for industry-recognized certifications.

Our world-renowned faculty comprises seasoned instructors who bring decades of real-world experience in cybersecurity and network administration. They're also highly accessible and will go out of their way to help you achieve your academic and professional goals. Gain hands-on experience through intensive labs with state-of-the-art industry hardware and software. You'll also increase your knowledge and skills through internships in Montana and across the country.
