Point System Worksheet
For Radiology Program Spring 2015

The following is based on a 100-point system.

1. **Grade Point Average (GPA)** - 75% of the selection criteria

   - 4.0 – 75 points
   - 3.9 – 73 points
   - 3.8 – 71 points
   - 3.7 – 69 points
   - 3.6 – 67 points
   - 3.5 – 65 points
   - 3.4 – 63 points
   - 3.3 – 61 points
   - 3.2 – 59 points
   - 3.1 – 57 points
   - 3.0 – 55 points
   - 2.9 – 53 points
   - 2.8 – 51 points
   - 2.75 – 49 points

   The other 25% will be determined from the following criteria:

2. **Letters of References** - must be from professionals (i.e. instructors, mentors, employers, etc.) and not from any family members or friends. Letters must be current within the last two (2) years, they must be dated and signed to qualify.

   - Three letters - earns 3 points
   - Two letters - earns 2 points
   - One letter - earns 1 point

3. **Job Shadow/Work Experience** - This must be completed with a registered radiologic technologist in a radiology environment and must be done within the preceding 24 months of the current application to the RT program. The individual must have at least 8 hours minimum, including a minimum of 4 hours in a hospital, and can obtain up to 16 hours and receive full points.

   - 16 hours - earns 12 points
   - 12-15 hours - earns 7.5 points
   - 8-11 hours - earns 5 points

(Continued on back)
4. **Hepatitis B injections, TB skin testing, Healthcare Provider and/or Professional Rescuer CPR (Adult/Child/Infant with AED training are required), Computer Proficiency, Background Check and an Essay.**

The minimum requirement for students to complete is the first two doses of the Hepatitis B injections and the other requirements listed prior to the application deadline, November 20, 2014. We would prefer students to complete all three doses of Hepatitis B vaccine, but they can still be considered for the program if they have the **first two doses prior to the application deadline**. They will need to complete the third dose 6 months after the first dose, preferably before the start of clinical time. TB skin testing and CPR certification must be current and cannot expire prior to June 1, 2015.

- Completion of the first two doses of Hepatitis B vaccines, current TB skin test, Current CPR (Healthcare Provider and/or Professional Rescuer), Computer proficiency (i.e. taken class or letter to verify) and Background Check - **earns 3 points**
- Completion of all three doses of Hepatitis B injections and all other requirements - **earns 5 points**
- Applicants not meeting the minimum requirements will not be considered for acceptance.
- The essay should be up to 700 words telling the committee about yourself; this will used to break any possible tie for the last available position

5. **Advising fact sheet, checklist and attending advising meeting** - Students are required to **obtain a copy of the advising fact sheet and checklist and must read, sign and return the form to the Health Programs department as a minimum requirement before** picking up a formal application to the Radiology program. If students also attend one of the advising meetings for the Radiology program, they will earn full points. If students do not attend one of the meetings, they must at least obtain a copy of the advising fact sheet and checklist before completing the formal application.

- Obtaining a copy of the advising fact sheet, checklist and returning the forms and attending an advising meeting on the Radiology program - **earns 5 points**
- Obtaining a copy of the forms and reads, signs and returns the forms but does not attend an advising meeting - **earns 1 point**

If students do not complete the minimum requirements for selection process, they will not be considered a candidate for the program. If you have any questions, please feel free to contact Dan Owens, Radiology Faculty, at 496-3761 or e-mail him with questions at dowens@mtech.edu.
