1.1 PREAMBLE

This agreement is entered into by the Board of Regents of Higher Education, hereinafter referred to as the Employer, and the Vocational-Technical Educators of Montana #4610, MEA/MFT, AFT, NEA, and AFL-CIO, hereinafter referred to as the Union.

This agreement is negotiated in accordance with the Public Employees Collective Bargaining Act. A purpose of this agreement includes but is not limited to establishing terms and conditions of employment. The parties intend to engender an atmosphere conducive to the development of quality education under the governance of the Board of Regents and to develop an effective and harmonious relationship between the parties.

ARTICLE 2

RECOGNITION

2.1 RECOGNITION

A. Recognition.

The Board of Regents, hereinafter referred to as the Employer, recognizes the Vocational-Technical Educators of Montana, MENMFT, AFT, AFL-CIO, hereinafter referred to as the Union, as the sole and exclusive bargaining representative of all faculty in the bargaining unit. The Union recognizes the Board of Regents as the statutory governing body of the Colleges of Technology at Billings, Butte and Great Falls.

B. Bargaining Unit.

The bargaining unit covered by this agreement shall include all instructional faculty members teaching courses in programs administered by a College of Technology in Billings, Butte or Great Falls with a .5 FTE or greater annual

appointment (nine or more credits in programs administered by the College of Technology per semester) and who are employed for both terms of the academic year. A part-time instructor may not, however, obtain bargaining unit status because of teaching courses in programs administered by more than one College of Technology. Individuals appointed for a single semester are excluded from the bargaining unit. Instructional-related, non-teaching professional employees are excluded from the bargaining unit. The term "faculty member" as used in this agreement means a member of the bargaining unit.

ARTICLE 3

MANAGEMENT RIGHTS

3.1 MANAGEMENT RIGHTS

The parties recognize that the Employer retains all rights not specifically relinquished in writing by this contract, including but not limited to those denominated in Mont. Code Ann. § 39-31-303.

ARTICLE 4

FACULTY MEMBER RIGHTS AND WORKING CONDITIONS

4.1 SAFETY

The Employer shall provide a place of employment which does not endanger the health and safety of any faculty member. Faculty members shall notify the Employer of any safety or health hazards observed incident to employment. The Employer shall investigate the matter and the parties shall cooperate in promoting and initiating appropriate remedial action. If faculty members are required to wear protective clothing or devices, the Employer shall furnish such items. The selection of the type of clothing or device shall be the prerogative of the Employer, in consultation with affected employees.

4.2 TRAVEL EXPENSES

Faculty members shall be furnished with a state car or be reimbursed for all authorized required travel in accordance with state statutes and policy. Where authorized travel is not required but is job related and beneficial for the faculty member and the Employer, reimbursement at less than the statutory rate may be made provided an agreement to that effect is reached between the faculty member and Employer prior to the authorized travel.

4.3 PAYROLL DEDUCTIONS

In addition to the salary deductions required by law, the following payroll deductions may be authorized in writing at no cost to the faculty member: group health insurance, U.S. savings bonds, approved tax sheltered annuities, approved credit unions, union dues, and other deductions approved by the Employer.

In those situations where such space is needed and the employee does not have an enclosed office, the Employer agrees to work towards alternative, mutually-agreeable arrangements.

4.6 PARKING

Each faculty member shall be provided parking on College property where they work.

4.7 CLASS AND COURSE ASSIGNMENT

The instructional assignment of a faculty member should be made in his/her field of competence. There are common instructional components in each discipline that all faculty should be able to teach. Therefore, the need for change of assignment within his/her field for the purpose of

providing better service and a higher quality program is acknowledged. Instructional assignments shall be based on a consideration of the needs of students (including the need to make the curriculum available throughout the day and evening), the continued necessity for revitalization and improvement of the instructional program, academic qualifications and expertise of the faculty and, where practical, faculty preference. Instructional assignments shall not be made arbitrarily, capriciously, or with the intent or effect of discriminating against any faculty member.

Therefore, the obligations of teaching faculty members for an academic year contract shall start with the beginning day of orientation activities fall semester and shall extend until the completion of commencement ceremonies and record keeping activities at the end of spring semester. It is presumed the College of Technology has priority on the working time of a full-time teaching faculty member.

Part-time faculty members may be hired for less than an entire contract period, or may be hired to perform certain specific assignments. The extent of a part-time faculty member's assignments shall be communicated to part-time faculty members at the commencement of their employment period. The employment of two or more part-time faculty members which causes the displacement of a full-time faculty member in the same instructional area is prohibited when the full-time faculty member is qualified and able to perform the responsibilities assigned the

The committees shall consist of not more than three members appointed by the Union and three members appointed by the Employer, or an alternative equal number of Union and Employer-appointed members mutually agreed to by the Employer and Union.

The committees shall meet at a mutually-agreeable time, place, and date within a reasonable length of time following the request of either party. Five working days prior to the agreed meeting date, each party shall provide the other with a list of items which it wishes to discuss; however, this requirement may be waived by mutual agreement. Reference to days shall refer to working days. A work day includes all week days not designated as a state holiday. When computing the time periods prescribed herein, the date of the act, event, or default shall not be included. The failure of an administrator at any level to communicate a decision to the faculty member and the Union within the proper time limits shall permit the faculty member to proceed to the next step of the grievance procedure. Upon the failure of the grievant and the Union to file an appeal within the time limits provided, the grievance shall be deemed to have been resolved by the decision at the prior step. The filing or service of grievance notices or documents shall be timely if they are personally served or if they bear a postmark of the United States Postal Service within the time period. The time limitations prescribed at each step of the grievance procedure may be extended with the mutual agreement of the parties.

8.4 REPRESENTATION

A faculty member shall have the right to be represented at all stages of the grievance procedure by a representative of the Union. When hearings and conferences are held during class or working hours, a faculty member whose presence is required shall be excused for that purpose without loss of pay. Grievance meetings shall be private unless otherwise agreed to by the faculty member, the Union, and the Employer. Grievance meetings will be held at a time and place which will afford a fair and reasonable opportunity for the faculty member, Employer and Union representatives to attend.

8.5 RECORDS

All grievance documents and records dealing with the processing of a grievance will be filed separately from the personnel files of participants.

8.6 REPRISAL

No reprisals of any kind will be taken by the Employer or administrators against any faculty member nor will the Union or any faculty member take reprisal action against any administrator because of participation in this grievance procedure.

8.7 INFORMATION

At all steps of the grievance procedure, the grievant shall have the right to request the Employer to produce the relevant records relating specifically to the particular grievance in question. Neither the Employer nor the Union may rely on any evidence in arbitration which was requested by either party and not provided.

8.8 PROCEDURES FOR FILING GRIEVANCES

All grievances must be filed within 25 days after the occurrence of the incident which initiated the grievance, or within 25 days after the faculty member should have reasonably known of the circumstances which gave rise to the grievance. The grievance shall state the name of the grievant, nature of the grievance, dates the alleged grievance occurred, the contract provisions affected, and the relief sought.

The grievant shall also date and sign the grievance. All grievances shall be presented in accordance with the grievance procedure set forth below.

- Step 1: Any faculty member may file a formal written grievance with the Dean who shall conduct a meeting with the faculty member to discuss resolution of the grievance within ten days following receipt of the grievance. The Dean shall issue a written decision to the faculty member and the Union within ten days following the conclusion of this meeting.

Step 2: **If** the grievance is not resolved at Step 1, the grievance may be filed with the President or designee within ten days from receipt of the Step 1 response. A faculty member filing a grievance must also file a copy of the grievance with the Union. The President or designee shall issue a written decision to the employee and the Union within 15 days following receipt of the grievance.

Step 3: If the faculty member is not satisfied with resolution of the grievance at Step 2, the faculty member shall have ten days to appeal the President's decision to the Commissioner of Higher Education. The appeal shall be in writing and shall include copies of all materials submitted or received at Step 2. The Commissioner of Higher Education or designee shall have 15 days after receiving the grievance in which to issue a decision in writing to the employee and the Union.

8.9 ARBITRATION

Step 4: In the event the parties are unable to resolve a grievance, the grievance may be submitted to arbitration at the discretion of the Union provided a notice of appeal is filed with the Commissioner of Higher Education within 15 days of receipt of the decision at Step 3. Request for arbitration must be signed by the faculty member and Union president or designee.

8.10 SELECTION OF AN ARBITRATOR

If the Union and the Employer cannot agree upon an acceptable arbitrator, they shall forward a joint written request to the Federal Mediation and Conciliation Service to provide a list of names of seven arbitrators. However, the Employer and the Union may stipulate to using an arbitrator supplied by the Board of Personnel Appeals, AAA or another mutually-agreeable source. Each party shall alternately strike names from the list until only one name remains. The remaining person shall be designated the arbitrator. A coin toss shall be used to determine which party shall strike the first name from the list. The party losing the coin toss shall strike the first name.

8.11 EFFECT OF DECISION

The decision or award of the arbitrator shall be final and binding upon the Employer, the Union, and the faculty member. The arbitrator shall not add to, delete from or amend the terms of this agreement.

8.12 FEES AND EXPENSES

The fees and expenses of the arbitrator shall be divided equally between the Employer and the Union. Each party shall bear the cost of preparing and presenting its own case. If either party orders a transcript it shall allow the other party to copy the transcript by paying half the cost of the transcript plus copying costs. Neither party shall be required to pay the cost of a stenographic record without its consent, provided that failure to do so shall be deemed as a waiver of the party's right of access to the record.

8.13 CONDUCT OF THE HEARING

In the event the parties agree to stipulate to all relevant facts concerning a grievance, they may submit the grievance to the arbitrator in writing and the formal hearing may be waived. The arbitration hearing shall be held in the city in which the faculty member is employed, unless an alternative location is agreed upon by the parties. The hearing shall be scheduled at a time and date agreeable to the Union, the Employer, and the arbitrator. The arbitrator is encouraged to issue a decision within 30 days of the close of the hearing or submission of briefs or as soon thereafter as practical. Unless otherwise agreed to, the arbitrator's decision shall be in writing and shall include the rationale for the decision.

ARTICLE 9

TENURE, SENIORITY, AND LAYOFF

9.1 TENURE

Tenure is the right to annual renewal of employment from academic year to academic year except in cases of termination for cause or layoff. Tenure is with the College through which it is granted and is not with the Board of Regents or any entity other than the College.

Tenure is awarded by the Board of Regents, following peer and administrative review and recommendation by the President in accordance with procedures established by each College.

The review prior to granting tenure and the subsequent recommendation to the Board of Regents will normally be made in the fifth year of employment. Four academic years of full-time service at the College are required before a faculty member is eligible to make application for tenure.

While normally the sixth contract of full-time employment carries continuous tenure status, unless the faculty member is given notice of termination, tenure will not be awarded without appropriate review and recommendation by peers and supervisors. Tenure is awarded for quality of current professional performance and promise for such future performance, not merely for completing a certain length of service. It is equally incumbent on the faculty member and the administration to insure that a tenure review occurs at the proper time. In no event shall the failure to give any notice constitute an award of continuous tenure by default.

Just cause will be the standard for the termination of tenured faculty members except in the case of layoff.

Faculty members who were granted tenure prior to the effective date of this agreement shall retain their tenure status until resignation, retirement, layoff or termination for cause.

Faculty members hired prior to the 1996-97 academic year shall receive tenure under the procedures included in the 1991-93 collective bargaining agreement. Faculty members who were granted tenure prior to the effective date of this agreement shall retain their tenure status until resignation, retirement, layoff or termination for cause.

9.2 PROBATIONARY FACULTY MEMBERS

Prior to achieving tenure, faculty members in positions not identified as temporary with full-time academic year teaching contracts are denominated as probationary faculty members.

Probationary faculty members have the right to serve to the end of the contract period but not beyond unless terminated for cause during the term of the contract. Unless an individual contract

expressly provides to the contrary, the contract period for all faculty members shall be the academic year. Regardless of the term of any individual contract, no such person has, or shall acquire, a right to reappointment for a period in excess of the academic year.

The Employer may terminate probationary faculty members hired after the 1995-96 academic year by giving written notice of termination by March 1 in the first and second years of service, by February 15 in the third and fourth years of service, and by September 30 in the fifth or later years of service. Probationary faculty members hired prior to the 1996-97 academic year may be terminated for the forthcoming academic year by notification of termination by April 1 of the [mal academic year of employment. No reasons for the termination of probationary faculty members at the end of the contract period need be provided. The Employer shall have the option of providing employment or severance pay in lieu of any portion or all of the notice to which the faculty member is entitled, so long as the extension of employment or severance pay is commensurate with the notice to which the faculty member is otherwise entitled.

A faculty member hired into a temporary position is not eligible for tenure and service in such a position does not count toward probationary service for tenure unless the faculty member and the President or designee agree to the contrary in writing. Faculty members shall be informed in writing at the time of hire or rehire that their position is temporary in nature. Appointments to temporary positions lapse at the end of the academic year or the term specified in the letter of appointment, whichever occurs first, unless terminated for cause during the academic year. The notice requirements for probationary faculty members do not apply.

9.3 SENIORITY

Seniority is determined by the number of years of continuous teaching service with a College. For persons employed by a College on July 1, 1989, who were employed by a predecessor school district for academic year 1988-89, continuous teaching service with the predecessor district shall count toward seniority. No service less than half time shall count for seniority purposes. Service between half time and full time shall be pro-rated.

Faculty members who are appointed on an acting basis to an administrative position not in the bargaining unit shall continue to accrue bargaining unit seniority for up to one year while serving in the acting capacity. Faculty members do not accrue additional seniority when acting appointments exceed one year, but shall retain all previously earned seniority. A faculty member who accepts a permanent administrative position does not accrue seniority while in the administrative position. If such an employee later applies for and is hired into a bargaining unit position without a break in service, the employee's prior seniority shall be reinstated.

The Employer shall prepare and post a seniority list no later than November 1 of each year. A faculty member shall have 30 calendar days to object to his or her seniority as indicated on the list. An objection shall be made by written notice to the Dean.

9.4 LAYOFF

Layoff is defined as the termination of tenured faculty members for programmatic or financial reasons. Within 30 calendar days from the faculty member's written notice of layoff, the Dean shall submit a layoff plan to the local Union. The Union shall have 30 calendar days to review and comment upon the plan, during which time its representatives may meet with the Dean at a mutually-agreed upon time and place. The Dean may revise the plan after the period of comment is over and shall forward the plan first to the President or designee and then to the Board of Regents for adoption, amendment or rejection. The decision of the Employer to implement layoff is not grievable.

Within an instructional area layoff shall be in reverse order of seniority, unless an exception is necessary to assure the qualifications of the remaining faculty members meet the needs of the continuing programs. No tenured faculty member shall be laid off if probationary faculty members are retained within the instructional area to teach courses the tenured faculty member is qualified and capable of teaching. The selection of one individual rather than another for layoff may be challenged under the grievance procedure.

Each tenured faculty member laid off shall be informed in writing by September 30 of the final academic year of employment. For two academic years from the date of layoff, a tenured faculty member retains the following rights:

- a. The position of the laid-off faculty member shall not be filled unless the laid-off faculty member has been offered reinstatement at his previous tenure and seniority. The faculty member shall have 30 days in which to accept or decline. If the offer is declined, any further rights under this section are extinguished.
- b. If the laid-off faculty member applies for an open position within the bargaining unit at any College of Technology covered by this agreement, and the position is subsequently filled by the Employer, the laid-off faculty member shall be hired into the position provided the laid-off employee's qualifications for the job in question are substantially equal or above those of other applicants. If hired pursuant to this subsection, the previously laid-off faculty member shall not retain tenure except by mutual agreement between the President or designee and the faculty member, but shall retain previously-accumulated seniority. Any salary shall be pro-rated for less than full-time employment. Once such an offer of employment is made to a previously laid-off faculty member, all further rights under this subsection are extinguished.

9.5 EXTENDED POSTING AND HIRING BETWEEN COLLEGES

The Employer agrees that notices for all open faculty member positions which are not filled from within the same College will be posted at all other Colleges covered by this agreement.

When a faculty member who is employed at one College applies for and is selected as a faculty member at another College covered by this agreement for the next academic year, the College may employ the new faculty member at his previous tenure, seniority and salary levels if mutual agreement of such is evidenced in a written agreement signed at the time of initial employment by the faculty member and the President or designee.

ARTICLE 10
COMPENSATION

10.1 SALARIES

A. Salary Increases.

Effective October 1, 2007, all employees hired on or before September 30, 2007, shall receive a base pay raise of 3.0 percent.

Effective October 1, 2008, all employees hired on or before September 30, 2008, shall receive a base pay raise of 3.0 percent.

B. Salary Minimums.

Minimum salaries for each level during the term of this agreement are as follows:

	July 1, 2007	October 1, 2007	October 1, 2008
Level I	\$31,800	\$32,754	\$33,737
Level II	\$35,614	\$36,682	\$37,782
Level III	\$40,708	\$41,929	\$43,187
Level IV	\$45,791	\$47,165	\$48,580

C. New Faculty Salaries.

Salaries for newly-hired full-time faculty will be determined by adding \$275 for each year of full-time teaching and related occupational experience up to a maximum of ten years to the minimum salary for the appropriate level. Part-time teaching experience will be recognized on a pro-rata basis. For example, a faculty member who teaches half-time for ten years will be credited with five years of full-time teaching experience. Continuing employees are not eligible for an additional \$275 for any years of service beyond those recognized at the time of hire.

New faculty members will have their education and employment records available at the time of hire for determination of the various salary factors listed in section I.

Final determination will be agreed upon by the President or designee and then concurred in writing by the newly-hired faculty members. New faculty are typically placed no higher than Level II at the time of hire. However, in extraordinary circumstances a newly-hired faculty member may be placed at Level III by the Employer after consultation with the members of the search committee.

D. Graduate Degree Stipends.

Faculty members with an appropriate doctoral degree shall receive a \$1,500 salary stipend. Faculty members receiving a stipend for an appropriate doctorate shall not be given any additional stipend for their master's degree. Faculty members with an appropriate master's degree who are below Level III shall receive a \$1,000 salary stipend.

E. Recruitment Adjustment Stipends.

The Employer may at its discretion pay newly-hired faculty members a recruitment adjustment stipend of up to \$4,000 in additional compensation when external market pressures make recruitment of qualified faculty in that discipline extraordinarily difficult. Where practical, faculty members of the search committee will be consulted when it is deemed necessary to offer a recruitment adjustment stipend to an applicant. Faculty members receiving a recruitment adjustment stipend will be eligible for base increases, **experience** increases, and promotion and minimum increases on the formula driven salary (not including the recruitment adjustment stipend) which are negotiated in subsequent years. Recruitment adjustment stipends will be subtracted out of the formula driven salary when calculating salary increases and promotions and then added back into the faculty member's salary. In no case will the academic year salary of a faculty member who has been given a recruitment adjustment stipend be reduced.

F. Merit Awards.

Merit awards may or may not be implemented at each campus during AY 2007-2008 and AY 2008-2009 at the discretion of the Employer.

G. Frozen Salaries.

Faculty members who have received unsatisfactory evaluations may have their salary frozen and are exempt from the provision granting a minimum increase upon recommendation of the President or designee and concurrence of the Union-Management Committee (or an alternative committee agreed upon by the parties at the College). Faculty members who have had their salary frozen in a previous year and who believe their performance has substantially improved may request that their salary be restored to the level it would have been in the absence of a freeze, effective the beginning of the next academic year. In no case shall any retroactive payment for prior fiscal years be made. The decision of the Union-Management Committee in this matter is [mal and not grievable.

H. Promotion Increases.

Promoted employees receive a salary increase equal to the difference between the minimum salaries for their former level and the level to which they are to be promoted in the year before the promotion is effective. Promotion increases are calculated prior to calculating the salary increase provided for in section 10.IA of this agreement. Promotions become effective at the beginning of the academic year following the year the promotion review took place but shall not be implemented until after the ratification of a successor agreement.

I. Level Definition and Threshold Criteria for Promotion.

1. The following criteria are effective the 2000-2001 academic year and thereafter.

Level I: No degree through bachelor's degree

Level II: Appropriate bachelor's degree plus 510 hours of approved professional development activity and five years of full-

time related teaching or occupational experience,

or

five years at Level I plus 510 hours of approved professional development activity for faculty on an approved professional development plan which allows for an alternative route.

Level III: Appropriate master's degree and ten years of full-time related teaching or occupational experience, five of which must be in an instructional position at a regionally accredited post-secondary institution,

or

five years at Level II plus 570 hours of approved professional development activity for faculty in an approved professional development plan which allows an alternative promotion route.

Level IV: Appropriate master's degree and five years at Level III plus 720 hours of approved professional development activity,

or

appropriate doctorate degree and five years at Level III plus 570 hours of approved professional development activity.

2. Faculty members who do not meet the degree requirements for promotion to Level II may apply for a HalfLevel II promotion when they have five

years of full-time related teaching or occupational experience and have completed at least half of the requirement of an appropriate bachelor's degree or have graduated from an approved professional school which is equivalent to at least two years of post-secondary education when such professional school alternative is approved by the Dean, President or designee and the local Union-Management Committee. The base salary for faculty members who are given a Half Level II promotion in AY 2007-2008 is \$33,707 and in AY 2008-2009 is \$34,718.

3. All Professional development activity used to meet threshold criteria for promotion must be approved by the Employer. The approval process for each campus location shall be communicated to faculty. Prior approval is recommended. If a faculty member's request for approval of a professional development activity is denied, the faculty member may appeal the denial to the Faculty Administration Committee or an alternative process agreed upon by the parties but may not appeal such denial through the contractual grievance procedure.
4. Activities include experiences that advance a faculty member's professional (educational and occupational) skills, knowledges, and abilities, and experiences that maintain a faculty member's currency with technology and practices in education and/or the occupation(s) for which they prepare/educate students for employment or further education. Participation in these experiences usually results in curricular changes or increased teaching effectiveness. These experiences are usually gained through participation in activities such as, but not limited to: college coursework; business and industry-conducted training; professional organization workshops and conferences; seminars; etc.
5. 30 hours of professional development activity equals one semester credit of college coursework. A combination of approved college coursework

and other types of approved professional development activity may be used to meet threshold criteria.

6. The hours of professional development activity specified for each level must have been completed since the faculty member's initial hire or last promotion, whichever is later.
7. The Employer may award credit toward the fulfillment of the hours of professional development required for promotion for work experience. Some work experience may not qualify.
8. The Employer reserves the right to deny a faculty member's application for promotion or tenure for the sole reason that the faculty member has not obtained an appropriate undergraduate or graduate degree. Faculty hired in FY 2001 and thereafter will be informed in writing by the Employer of this requirement at the time of hire.
9. Faculty may submit an application for promotion during the year in which they meet the eligibility criteria. If five years of experience are required, the application may be made during the fifth year.
10. For faculty with an appropriate doctorate who are seeking promotion to Level IV, some or all of the required hours of professional development activity may be met through approved service or approved scholarly activity.
11. Meeting threshold education and experience requirements specified in subsection I is not sufficient in itself to warrant promotion. Promotion to a higher level also requires application by the faculty member and documentation of positive contributions to the College of Technology. The following activities will be given consideration in evaluation for

purposes of promotion:

- a. classroom performance;
- b. facility organization and management of a lab/shop/clinic;
- c. instructional equipment organization and management;
- d. development and revision of curriculum and course material;
- e. student advising;
- f. student outcomes assessment;
- g. activities involving innovative instructional techniques;
- h. scholarly activity such as applied research, presentations and publications;
- i. professional development activities--educational and occupational;
- J. achieved recognition in education, business, industry or in an occupation as evidenced by licensure or certification;
- k. participation in professional organizations--educational, business and industry, occupational;
- l. consulting and other activities with business and industry, and other community organizations;
- m. serving on advisory boards, outside work for agencies, service on campus committees, awards recognizing service accomplishments.

J. Promotion Timelines and Procedures.

1. Each College of Technology shall have promotion procedures and criteria. Promotion procedures and criteria shall be updated periodically and must be approved by the Union-Management Committee (or an alternate committee agreed upon by the parties) and the President or designee. Promotion procedures shall include an opportunity for evaluation and recommendation by faculty members as well as the appropriate levels of the administration.
2. A faculty member may only be promoted one level at a time. After a faculty member's first promotion (with the exception of those who have received a Half Level II promotion), the faculty member must wait a minimum of five years before being eligible for another promotion.

10.2 SUMMER PROGRAMS.

Faculty members teaching a full-time summer assignment shall be compensated at 11170th of their preceding academic year salary for each day of assignment. When calculating the pro-rated full-time daily salary amount under this section, the academic year salary shall be divided by 170.

When calculating a pro-rated hourly salary under this section, the full-time academic year salary shall be divided by 1190 hours. Summer session compensation for bargaining unit faculty members teaching less than full time shall be pro-rated at a rate of 1.16 times the appropriate pro-rated hourly salary. This provision shall not be used to determine compensation for continuing education courses.

10.3 OVERLOAD COMPENSATION

An instructional faculty member may be given overload compensation for additional instructional responsibilities beyond the normal work day or work year. The conditions and compensation of all overload duties shall be established prior to the beginning of additional instructional work. Where performance of additional responsibilities is required by the

Employer, the rate of compensation shall be paid on a pro-rated salary basis. When calculating the pro-rated hourly salary under this section, the academic year salary shall be divided by 1190 hours. When calculating the pro-rated full-time daily salary amount, the academic year salary shall be divided by 170.

Where faculty members have the option of refusing additional work assignments, the rate of compensation will be agreed upon between the Employer and the faculty member.

10.4 EXTRA DUTY ASSIGNMENTS

Instructional faculty members who are assigned non-instructional extra duty assignments by the Employer which are in excess of normal professional responsibilities and extend beyond the normal work day or work year may be provided extra compensation upon recommendation of the Dean and approval of the President or designee. Instructional faculty members shall have the right to refuse non-instructional extra duty assignments which are in excess of normal professional responsibilities and extend beyond the normal work day or work year. Rate of compensation for such extra duty assignments shall be agreed upon between the faculty member and College Dean with the approval of the President or designee. If extra duty assignments are canceled by the Employer, the compensation will be pro-rated for any partial completion of assignments.

10.5 COMPENSATION OF DEPARTMENT CHAIRS

Each College retains the prerogative to determine its administrative structure and appoint department chairs when determined appropriate by the College. Department chairs shall be compensated at a rate of not less than \$1,800 per fiscal year for FY 04 and \$2,000 per fiscal year for FY 05 and each year thereafter for the additional responsibilities assumed. Department Chairs may be assigned a reduced teaching load at the discretion of the Employer. A faculty member may decline to serve as department chair. If either the Employer or the department chairs cancel department chairperson assignments, the compensation will be pro-rated for any partial completion of assignments.

10.6 INSURANCE

The Employer contribution for employees in the bargaining unit participating in the Montana University System Group Insurance Plan shall be in accordance with state statute.

10.7 UNEMPLOYMENT INSURANCE

All employees covered by this agreement are covered by unemployment insurance as provided in Mont. Code Ann. § 39-71-101, et seq.

10.8 WORKERS' COMPENSATION

All employees covered by this agreement are eligible for Workers' Compensation benefits as provided in Mont. Code Ann. § 39-71-101 et. seq.

ARTICLE 11 GENERAL CONTRACT PROVISIONS

11.1 SAVINGS CLAUSE

Should any portion of this agreement be determined unlawful or unenforceable by a court of competent jurisdiction, that portion of the agreement declared invalid shall be null and void; however, the rest of the agreement shall remain in full force and effect and either party may initiate negotiations to arrive at mutually agreeable language on the provisions declared invalid.

11.2 INTERIM AMENDMENT

Changes or additions to this agreement during its term may be negotiated only upon mutual agreement of the parties to this agreement. Any agreed to changes or additions shall be made effective upon any date agreed upon by both parties and shall expire upon the expiration of this agreement. In order for any changes to be effective, they must be set down in writing and approved and signed by the Union and the Commissioner.

11.3 COPIES OF AGREEMENT

Upon final ratification of this agreement, the Employer shall have the agreement printed. Copies of the agreement will be available on each college campus. The cost of printing the agreement

shall be shared equally by the Employer and the Union.

11.4 PRE-BUDGETARY NEGOTIATIONS

Pre-budgetary negotiations shall commence upon mutual agreement.

11.5 CONFLICT WITH STATUTE

Throughout this contract, benefits provided by statute are summarized. These benefits are changed from time to time by the legislature. The intent of the parties is that eligible employees will receive benefits in accordance with applicable current state statutes. If there is a conflict between statute and the agreement, the statutory provision shall take precedence.

11.6 ENTIRE AGREEMENT

This written agreement constitutes the entire agreement between the parties on all bargainable subjects and it supersedes all prior contracts, agreements, understandings and practices.

11.7 NON-DISCRIMINATION

Neither the Board nor the Union shall discriminate on the basis of race, creed, religion, color or national origin or because of age, physical or mental disability, marital status, or sex when the reasonable demands of the position do not require an age, physical, or mental disability, marital status or sex distinction. If an employee files a complaint alleging unlawful discrimination under state or federal statutory complaint procedures for civil rights or human rights violations, the Employer is under no obligation to process a grievance based on the same events nor is there a right to pursue a grievance in such instances.

11.8 NO STRIKE/LOCKOUT

There shall be no strikes, slowdowns or work stoppages of any kind for any reason on the part of Union or employees during the term of this agreement, nor shall there be any lockout of employees during the term of this agreement.

ARTICLE 12
TERM OF AGREEMENT

12.1 TERM OF AGREEMENT

This agreement shall be in effect from ten working days' after the date of ratification or July 1, 2007, whichever is later, and shall continue until and including June 30, 2009, and shall be considered as renewed from year to year thereafter unless either party to this agreement notifies the other party in writing by March 1, 2009, of its desire to **modify** or terminate this agreement. Negotiations on a subsequent agreement shall commence on a mutually-agreeable date.

APPENDIX A

TRANSFER OF SICK LEAVE ACCUMULATIONS

For employees at the Montana Tech College of Technology, sick leave accumulated prior to July 1, 1989, shall be maintained separately from that accumulated after July 1, 1989. For employees at the Montana Tech College of Technology sick leave accumulated prior to July 1, 1989, will be cashed out upon termination at the rate of one-half of the employee's pay attributable to the accumulated sick leave. Sick leave accumulated after July 1, 1989, will be cashed out upon termination at the rate of one-fourth of the employee's pay. Those sick leave days earned last shall be the first used.

The Employer may at its discretion buy back some or all of the sick leave accumulated prior to July 1, 1989, by employees at the Montana Tech College of Technology. The rate of buy back shall be one-half of the employee's pay at the time of the buy back. Unless otherwise agreed to, the Employer must buy back sick leave from employees equally as a whole group.

APPENDIX B
SUPPLEMENTAL AGREEMENTS

It is hereby agreed that this agreement will allow for supplemental agreements which may be entered into to address specific and unique situations at a college of technology. All supplemental agreements require the approval of a majority of the bargaining unit employees at the college of technology which is covered by the supplemental and approval of the appropriate Dean, Chancellor, and President. The Commissioner of Higher Education and the President of VTEM shall be sent a copy of the supplemental agreement after campus, Chancellor, and President approval. The Commissioner and the VTEM President must indicate their disapproval of the supplemental agreement within five working days of the receipt of the supplemental agreement. In the alternative, either the Commissioner or the VTEM President may within five working days indicate in writing to the Dean that up to an additional 15 working days is needed to allow for a more extensive evaluation. The failure of the Commissioner or the VTEM President to give written notice to the Dean of the disapproval of the supplemental agreement within the time frames provided herein shall constitute approval of the supplemental agreement. If either the Commissioner or the VTEM President disapproves the supplemental agreement, they must give reasons for their disapproval. All supplemental agreements terminate upon expiration of the statewide agreement. In all cases, the specific provisions of the supplemental agreement prevail over the general provisions of the statewide agreement.

Each college of technology has the option to choose to form an independent bargaining unit or may choose to join the bargaining unit on the affiliated four-year campus. Such option may be invoked upon the approval of a majority of the bargaining unit employees at the affected college of technology and approval of the appropriate Dean, Chancellor, and President. It is understood that the bargaining unit at the four-year campus may also need to concur with a proposed merger.

APPENDIXC

MEMORANDUM OF UNDERSTANDING FACULTY WORKLOAD

The instructional workload for full-time faculty shall normally fall within the range of 30 to 32 credits per academic year. The instructional assignment for a full-time faculty member shall normally not exceed 25 hours per week. Where instructional assignments consist of primarily laboratory, clinical, shop, internship or cooperative work experience supervision, the assignment for a full-time faculty member shall not exceed 30 hours per week. Faculty teaching more than thirty-two (32) credits or the hours defined above shall be eligible for overload compensation or a reduction in non-instructional assignments at the discretion of the campus administration. Bargaining unit faculty who teach at least 15 credits in a semester shall not receive a pro-rated salary during that semester.

The parties understand that this workload provision does not affect Article 2 (Recognition) or the definition of bargaining unit membership.

The parties understand that management has an obligation to manage workloads down to the range of 30 to 32 credits and a right to manage workloads up to a range of 30 to 32 credits.

Faculty members have no entitlement (or right of first refusal) to overload-earning opportunities.

Any faculty member who requests a teaching workload of less than 30 to 32 credits per academic year must submit a justification of how the non-instructional work time would benefit the institution.
