

THE CENTER FOR ADVANCED MINERAL AND METALLURGICAL PROCESSING

*“Providing High Quality Metallurgical Solutions to
Industrial Clients Worldwide”*

**Mineral Processing and Hydrometallurgy •
Precious Metal Recovery & Refining •
Nickel/Cobalt Applications • Arsenic/Antimony
Applications • Pressure Leaching • Copper
Leaching, SX, EW Applications • Process
Simulation and Modeling • Pyrometallurgy
Applications • XRD/XRF/ICP/SEM-EDS • Mineral
Liberation Analysis (MLA) • Metallography and
Petrography • Wet Chemistry • Resource Recovery
• Wastewater Remediation including Hg, Se, As
Removal • Fire Assay Training • ...and More**

Montana Tech of The University of Montana

1300 West Park Street • Butte, Montana 59701

Phone: (406) 496-4794 • Fax: (406) 496-4512

E-Mail: camp@mtech.edu • Web Site: www.mtech.edu/camp

**Zinc • Lead • Silver • Gold
Copper • Nickel • Cobalt • Uranium
Rare Earths • Platinum • Palladium
Iron • Coal • Tungsten • Titanium
Arsenic • Antimony • Others**
