Big Brothers Big Sisters of Butte
Mission: To provide children facing adversity with strong and enduring, professionally supported, one-to-one relationships that change their lives for the better, forever.

Vision: That all children achieve success in life.

Big Brothers Big Sisters of Butte
107 E. Granite St
Butte, MT 59701
Website: http://www.bbbsbutte.org/
Contact Phone: (406) 782-9644
Representative(s): Phyllis Costello
Volunteer Positions:
Recruiting students to be Community and School Based Volunteers for our programs.

Big Butte Volunteer Fire Dept
It is the mission of the Big Butte Volunteer Fire Department to preserve life and property, promote public safety through leadership and education, as an emergency and safety response provider.

As first responders to fires, public safety, disasters and terrorist acts, The Butte Silver Bow Fire Service protects the lives and property of Butte Silver Bow residents and visitors.

Please note: Organizations may have registered or canceled after this information was published.
Our Department advances public safety through its fire prevention, investigation and education programs.

The timely delivery of these services enables the Big Butte VFD to make significant contributions to the safety of the Butte Silver Bow community.

**Representative(s):** Sharlet Best

**Volunteer Positions:** (1) Camp Director, (4) Camp Counselors, (1) Camp Cook, (1) Camp Assistant Cook

**Chelsea Bailey Butte Silver Bow Animal Shelter**
The Chelsea Bailey Butte-Silver Bow Animal Shelter is a non-profit, county supported facility. We are primarily open for adoptions, education and Animal Control pick-ups. We are taking owner surrenders on a case by case basis. Please call ahead before bringing in animals as space is limited.

We are here to educate the public about the importance of spaying and neutering, proper animal care and the responsibility of pet ownership.

We require every animal adopted to be spayed or neutered before they go to their new home. We vaccinate all animals immediately upon arrival.

We welcome volunteers, foster homes and fund-raising ideas. We appreciate and accept all donations. We also provide memorials and "in honor of" donations.

**Circle K**
Circle K International (CKI) is the premier collegiate and university community service, leadership development, and friendship organization in the world. With more than 12,600 members in 17 nations, CKI is making a positive impact on the world every day.

Circle K clubs are organized and sponsored by a Kiwanis club on a college or university campus. CKI is a self-governing organization and elects its own officers, conducts its own meetings, and determines its own service activities. Montana Tech Circle K participates in tutoring of grade school students, big brothers big sisters, Holiday Care Raffle, district and international conventions, international service trips, and many more activities based on student interest.

Girl Scouts of Montana & Wyoming
Girl Scouts is the world’s preeminent leadership organization dedicated solely to girls—all girls—where, in an accepting and nurturing environment, girls build character and skills for success in the real world. In partnership with committed adult volunteers, girls develop qualities that will serve them all their lives, like leadership, strong values, social conscience, and conviction about their own potential and self-worth.

Girl Scouts was founded in 1912 by Juliette Gordon Low, and membership has grown from 18 members in Savannah, Georgia, to 3.2 million Girl Scouts—2.3 million girl members and 880,000 adult members working primarily as volunteers. Girl Scouts of Montana and Wyoming—serving two states, 79 counties, and covering 245,000 square miles—is one of more than a hundred chartered Girl Scout councils.

Our mission is to build girls of courage, confidence and character, who make the world a better place. Through activities in science and technology, business and economic literacy, and outdoor and environmental awareness, Girl Scouting provides girls with opportunities for fun and friendship, while fostering the development of leadership skills and self-esteem.

Habitat for Humanity
Habitat for Humanity International is a nonprofit, nondenominational Christian housing organization. Since 1976, Habitat has built more than 100,000 houses in more than 80 countries, including some 30,000 houses across the United States. Habitat houses are purchased by the homeowner families.

Three factors make Habitat houses affordable to low-income people worldwide:
Houses are sold at no profit, with no interest charged on the mortgage. Homeowners and volunteers build the houses under trained supervision. Individuals, corporations, faith groups and others provide financial support.

Habitat for Humanity's work is organized at the local level by more than 1,900 affiliates worldwide. Affiliates coordinate house building and select partner families. Homeowner families are chosen according to their need; their ability to repay the no-profit, no-interest mortgage; and their willingness to work in partnership with Habitat. Habitat for Humanity does not discriminate according to race, religion or ethnic group. To learn more, visit their main web site at www.habitat.org.

Habitat for Humanity of Southwest Montana is an affiliate of the larger international organization. Our local affiliate is set up to work in seven counties in Southwest Montana. Right now we are actively building and raising funds to help build homes in Butte, Whitehall, Boulder and Dillon, Montana. A group organized to build Habitat homes in Anaconda has established a separate affiliate there and completed their first
home in 1997. To reach the Anacondagroup, call Jim at 406-563-5538. To get the latest details about our projects, visit our What's New? section.

We have worked hard since 1994 to gather the resources and the local talent to bring decent affordable housing to those willing to work hard and invest of themselves to break the cycle of need that traps too many Americans in sub-standard housing.

We are a mature affiliate, having partnered to complete more than 40 homes, but we have much more to do to ensure that everyone who wants to become a Habitat partner and is qualified for a Habitat home can participate in the program.

We have a long way to go but our path is clear. We know it will require many new hands and hearts. Luckily, our communities are blessed with an abundance of strong hands and big hearts. We hope that we can count yours among them.

Montana Independent Living Project
Montana Independent Living Project, Inc. (MILP) is a not-for-profit agency that provides services that promote independence for people with disabilities.

What is Independent Living?
Independent Living can mean many things to many people, but for thousands of people, independent living simply means having equal access to the same opportunities as the rest of society.

For people identified as having a disability, any set of circumstances should include their right to acquire and have access to:
- Full physical and psychological independence as their disability allows,
- Full participation in society,
- Employment opportunities,
- Independent living accommodations: an apartment or personal residence,
- Personal political and religious preferences and inclusion,
- Any and all forms of public transportation, and
- All services provided by business, local, state and federal government agencies and services as specified by the Americans with Disabilities Act (ADA).

We work with and for others to ensure that consumers are able to live as independently in their own homes as they desire and have access to all necessary services that promote quality of life within their own residence and the greater community. Click here for more information.

Montana Tech - Institute for Educational Opportunities
The Institute for Educational Opportunities is a consortium of programs developed to provide K-12 and college students with the tools and
support they need to achieve success in higher education.

Since 1994, the Institute has helped more than a third of all students from Southwest Montana prepare to succeed in higher education. Its programs range from courses that introduce elementary students to science, math and technology to professional development services for teachers.

The Institute focuses on students who show high aptitude in science, technology, engineering and math (STEM) and pairs them with programs that meet their individual needs. Students enrolled in Institute programs are given one-on-one attention and support, ensuring that they receive the tools they need to achieve their dreams.

As part of its commitment to student success, the Institute offers programs to help teachers. A number of professional courses and other resources are available to teachers interested in adding more challenging rigor to their curriculum.

Conveniently located in the Health Sciences Building on the Montana Tech campus, the Institute’s resources are available to those interested in supporting lifelong learning for Montana students.

Paul Clark Home (McDonald's Family Place)
The Associated Charities of Butte was organized during the late 1990’s "to help the worthy poor help themselves". While the early group focused on distribution food and clothing to the needy, the children's home at 542 Nevada soon became the pivot of its energies. The present facility was a gift from William A. Clark, in memory of his fourteen-year-old son Paul. Clark's $20,000 gift was augmented by an additional $10,000 and the home begun in 1899, opened in March of 1900. Facilities included an office, reception room, library, dining room, kitchen, baths, dormitories, industrial classroom, a two-ward hospital and a nursery. Another gift of W.A. Clark in 1907 allowed the capacity to 100 children. The expansive, beautifully preserved Classical Revival style complex is now the Paul Clark Home / McDonald's Family Place, which offers home-like accommodations for out of town family of hospitalized patients and out-patients.

Pintler Pets Humane Society
Pintler Pets is a private, non-profit 501(c)3 Humane Society in Anaconda MT. We receive no governmental funding, and exist on private donations, grants, and from adoption fees. To surrender a pet or to report a stray, in Anaconda/Deer Lodge County, call Animal Control at 563-4070. In Butte/Silver Bow County, call Butte Animal Control at 782-8450.

Find us east of Anaconda, north of Highway 1 at the old Arbiter plant site (the lovely mustard-colored buildings). Coming from the east, turn right (north) off of Highway 1 just past the "Welcome to Anaconda" display. Immediately turn left (west) on the dirt road, take the next right, and straight ahead is our shelter with our logo on it. If you miss the turn on Highway 1 or
are approaching from the west, then turn north by the Town Pump/casino on the east side of town. Follow the dirt road where it curves back to the east. We are in the yellowish-brown building through the chainlink fence on the left.

**Pintler Pets Humane Society**

**Safe Space**

Safe Space, Inc., originally known as The Butte Christian Community Center (BCCC), began as a grass roots movement in the early 1970's by local women to address a multitude of needs in Silver Bow County. Out of this endeavor, Safe Space was born, and over time began addressing the complex and specific needs of survivors of domestic violence and sexual assault. Preventative efforts continue to be a priority in our program, as community awareness campaigns are at the foundation of our philosophy statement and the services offered by Safe Space. Safe Space provides clients with the tools needed to break the inter-generational cycles of violence, and helps in recognizing that they can gain control of their lives. We assist in identifying the avenues for emotional self-sufficiency, as well as the strength and right to refuse the unacceptable.

Safe Space serves Silver Bow, Granite, Deer Lodge, Powell and portions of Jefferson and Madison Counties.

**United Way**

The mission of the United Way of Butte and Anaconda is to unite our communities in assessing and addressing our most vital human needs and to strengthen our collective ability to care for one another. During our annual campaign, funds are raised which are then allocated to local non-profit agencies in our communities. And the funds raised locally stay in our communities.

The United Way continues its three pronged approach to impact our community through education, income and health – the building blocks for a good quality of life. United Way recruits people & organizations which bring need to get things done.

We invite you to be a part of the change. You can give, you can advocate and you can volunteer. That’s what it means to LIVE UNITED.

Volunteerism, an important part of the college experience, teaches valuable lessons in community engagement and using education to serve the community. It also allows students to gain work experience while helping community partners to address critical needs.

*Some employers tell us they look for students who not only do well in school, but are engaged in their community,* "Sarah Raymond, Director, Career Services

Each semester, Montana Tech looks forward to this opportunity to help organizations network with students who are interested in giving back to their community.

Non-profit organizations and local businesses can reach out to Montana Tech students online regarding any opportunities. Post these volunteer or paid opportunities as jobs in DIGGERRecruiting. Students can search for “volunteer” opportunities through their accounts.

Find additional volunteer opportunities online through your DIGGERRecruiting account.
