

Certified Nursing Assistant (CNA)
Certificate of Completion Program
AY 2009-10

Montana Tech College of Technology Health Programs offers a 14/15 credit Certified Nurse Assistant (CNA) Certificate. Students are accepted each Spring and Summer semesters and complete the program in one semester. Space is limited and qualified students are accepted on a first-come/first-serve basis.

Students must meet minimum academic requirements and comply with the following health-related program requirements: Hepatitis B Vaccination (series of three injections). The first two injections must be completed prior to the entering the first clinic placement. Proof of freedom from tuberculosis (TB skin test or chest x-ray).

Graduates of the CNA Program are eligible to apply for certification through the Montana Department of Public Health & Human Services after completing the Certified Nurse assistant graduation requirements.

Montana Tech offers a school to work CNA project. This is a partnership with area high schools and healthcare facilities.
