Assistant or Associate Professor-Petroleum Engineering

**DEPARTMENT:** Petroleum Engineering  
**Closing Date:** Review will begin March 30th and continue until position is filled  
**Employment:** Permanent, Full-Time

### Duties
Teach undergraduate and graduate courses in all areas of Petroleum Engineering; especially well drilling and well completion engineering. Advise and mentor undergraduate and graduate students. Assist in the development of an applied research program, including supervision of graduate research projects.

### Knowledge, Skills & Education Required
- A PhD or ABD in Petroleum Engineering, or related Engineering discipline, with a commitment to teaching, and relevant work experience in the petroleum industry. An MS degree with a teaching commitment and relevant oil and gas industry experience will be given strong consideration.
- There is an expectation that a doctorate will be earned at the time of tenure application.
- Applicants are required to demonstrate a strong command of the English language, both verbal and written.

### Preferred Education & Experience
- Professional Engineering license, EIT, and prior collegiate teaching experience

### To apply, please submit the following items:
- Cover letter which specifically addresses the above-mentioned qualifications
- Detailed resume
- Statement of Teaching Philosophy
- Name and contact information for 3 professional references
- Authorization for Criminal Background Investigation
