We have (or will) apply for all federal aid using the Free Application for Federal Student Aid (FAFSA).
(Your PLUS loan request will be processed concurrently with your student's federal aid.)

Amount Requested: The maximum PLUS amount that can be offered is limited to the Total Cost of Attendance minus all other financial aid help from any source including institutional, county, state, federal or private aid given to the student for education. Other aid may not be known at this time and it may be appropriate for you to check the box requesting the maximum that can be offered. If this option is chosen, you may reduce the amount once other aid is determined. However, if you know what is needed, request that amount to minimize your debt. The final PLUS amount offered will be determined after consideration of all other aid and could be less than your requested amount. Net proceeds are 96 percent to 97 percent of the amount borrowed, depending on the lender. Repayment begins approximately 60 days after the last disbursement is made and will be about \$50 per month for every \$4000 borrowed. Please select one of the options below.
