_____

_____

GRADUATE ADVISORY COMMITTEE: Consists of two members from student's major program and one member from outside the major program. An additional member may be required to represent the minor, if applicable, and additional members may be required by the Department. Voting members must have at least a Master's Degree; one member from outside Montana Tech may vote. The chair of the committee may be the student's graduate advisor; however, if the chair is outside the student's major program, the major program advisor must be included on the committee.
