

AUTOMOTIVE TECHNOLOGY, A.A.S.

At Highlands College of Montana Tech, your automotive training is led by industry-recognized professionals in a personalized setting. You'll get one-on-one attention and hands-on experience in small classes. Our students train on up-to-date equipment, learning to diagnose, maintain, and repair everything from gasoline and light-duty engines to transmissions and other vehicle systems.

APPLYING IS EASY AND FREE.

Montana residents can apply for free at applymontana.mus.edu.

Nonresidents can apply for free at mtech.edu/applynow.

PLAN YOUR NEXT ADVENTURE.

We offer personalized campus visits most weekdays. We're confident you'll love visiting our Highlands College campus in Butte, Montana, which offers scenic views with its close proximity to mountainous areas. The college is situated near the Highland Mountains, which provide a beautiful backdrop. Its proximity to the Northern Rockies and other national parks also contributes to the surrounding natural beauty. To prove it, we're offering a complimentary one-night hotel stay to all visitors traveling 100 miles or more! Learn more about availability and schedule your visit at mtech.edu/visit.

I enjoy Automotive Technology as there will always be something different in the workday. Each project will be different from another and that is what makes the career interesting to me...I would recommend this program to students interested in trades.

-Chase Brown, student

CAREER PATHS

Graduates can work as a tire and service technician, master technician, parts specialist, automotive engineer, or technical trainer, among other roles. They can find employment at dealerships, utility companies, transmission shops, or independent and custom shops. Students who earn their Associate of Applied Science (A.A.S.) in Automotive Technology also have the option to pursue a four-year business degree.

\$49,670
median annual salary
