Welcome to the 2018-2019 Academic Year!

The Montana Tech Student Handbook is a road map for your success and is intended to provide you with information about services available at Tech and our policies and procedures. Montana Tech views itself as a community. We expect each member to become familiar with the standards of the community, and to assume responsibility for making decisions governing his or her behavior within the community.

The information in this handbook is intended to be a reference for basic college information and expectations. You are responsible for knowing the information included in this handbook. You are also responsible for knowing the information included in the College Catalog. The Catalog (published online at www.mtech.edu/catalog) is the official publication of Montana Tech, which lists policies, procedures, requirements, and course descriptions for all departments. The Catalog takes precedence over all other materials. If you have further questions, you should always feel free to contact any member of the faculty or staff.

**What’s expected of you?**

The University is committed to maintaining a safe and healthy living and learning environment for students, faculty, and staff. ACADEMIC DISHONESTY

Montana Tech believes that academic honesty and integrity are fundamental to higher education. Academic dishonesty includes but is not limited to cheating; plagiarism; forgery; falsification; facilitation or aiding academic dishonesty; multiple submission; theft of instructional materials or tests; alteration of grades or files; and any actions intended to gain academic advantage by fraudulent and/or deceptive means.

STUDENT RESPONSIBILITY

The student has full responsibility for the content and integrity of all academic work submitted. Ignorance of a rule does not constitute a basis for waiving the rule or the consequences of that rule. Students unclear about a specific situation should ask their instructors or academic staff, who will explain what is and is not acceptable in their classes or on campus.

THE PROCESS:

1. There is suspicion of academic dishonesty
2. The instructor of record/an academic staff member submits an Academic Dishonesty Violation online referral form and includes all evidence, conclusion, and actions
3. The decision maker chooses a “Decision Option”
4. The Vice Chancellor for Academic Affairs meets with the student
A DETERMINATION OF ACADEMIC DISHONESTY IS ACCEPTED BY THE STUDENT (THE STUDENT DOES NOT SUBMIT AN APPEAL)

THE STUDENT RECEIVES THE FINDING AND SANCTION AS DECIDED BY THE DECISION MAKER

THE STUDENT MAY INITIATE AN APPEAL TO ASC WITHIN 10 BUSINESS DAYS

AN APPEAL IS GRANTED - NO FURTHER ACTION NEEDS TO BE TAKEN

AN APPEAL IS DENIED

THE STUDENT MAY INITIATE AN APPEAL TO THE STUDENT JUDICIAL BOARD WITHIN 10 BUSINESS DAYS (ON SPECIFIC GROUNDS)*

AN APPEAL IS GRANTED

AN APPEAL IS DENIED - THE STUDENT CAN APPEAL TO THE CHANCELLOR

AN APPEAL IS GRANTED

AN APPEAL IS DENIED - THIS DECISION IS FINAL AND IS NOT APPEALABLE

*Two things constitute grounds:

(1) new information being made available; (2) a feeling that the sanction imposed was not consistent with the severity of the violation. An explanation of why sanction(s) are disproportionate to the violation(s) must be included. Mere dislike or disagreement with the sanction(s) or the impact of the sanction(s) is not grounds for an appeal.

COLLEGE COMMUNITY EXPECTATIONS (STUDENT CONDUCT)

Montana Tech seeks to provide an environment that promotes academic achievement and integrity and that serves the University’s educational mission. It is our expectation that students will conduct themselves in a manner that supports this environment. These expectations include, but are not limited to: regular class/lab attendance, timely completion of assignments, proper preparation for class/lab, and exhibiting behavior that fosters and encourages academic integrity and learning, defends freedom of inquiry and discussion, and allows for the free and open exchange of knowledge, ideas, and opinions.

Montana Tech faculty have the obligation and authority to maintain a classroom environment that promotes these values. Classroom behavior that is deemed inappropriate will be dealt with on a case-by-case basis by the faculty member and, if necessary, the administration.

In addition, any individual within the college community who feels that his or her rights have been infringed upon by the conduct of another student may process a referral to the College Community Expectations Program. In cases where an individual feels that his or her rights have been infringed upon, that individual may also elect to file a complaint with legal authorities, take no action, or discuss the situation with the other individual involved rather than process a referral.

To learn more about our community expectations or to report an incident visit:

FERPA

The Family Educational Rights and Privacy Act (FERPA) was enacted in 1974 to protect student rights in regard to their education records. FERPA guarantees you the right to inspect and review your education records, to seek to amend an error on your education records, and to have some control over the disclosure of information from those education records. Keep informed of your rights under FERPA and learn how Montana Tech may disclose your educational records at:
